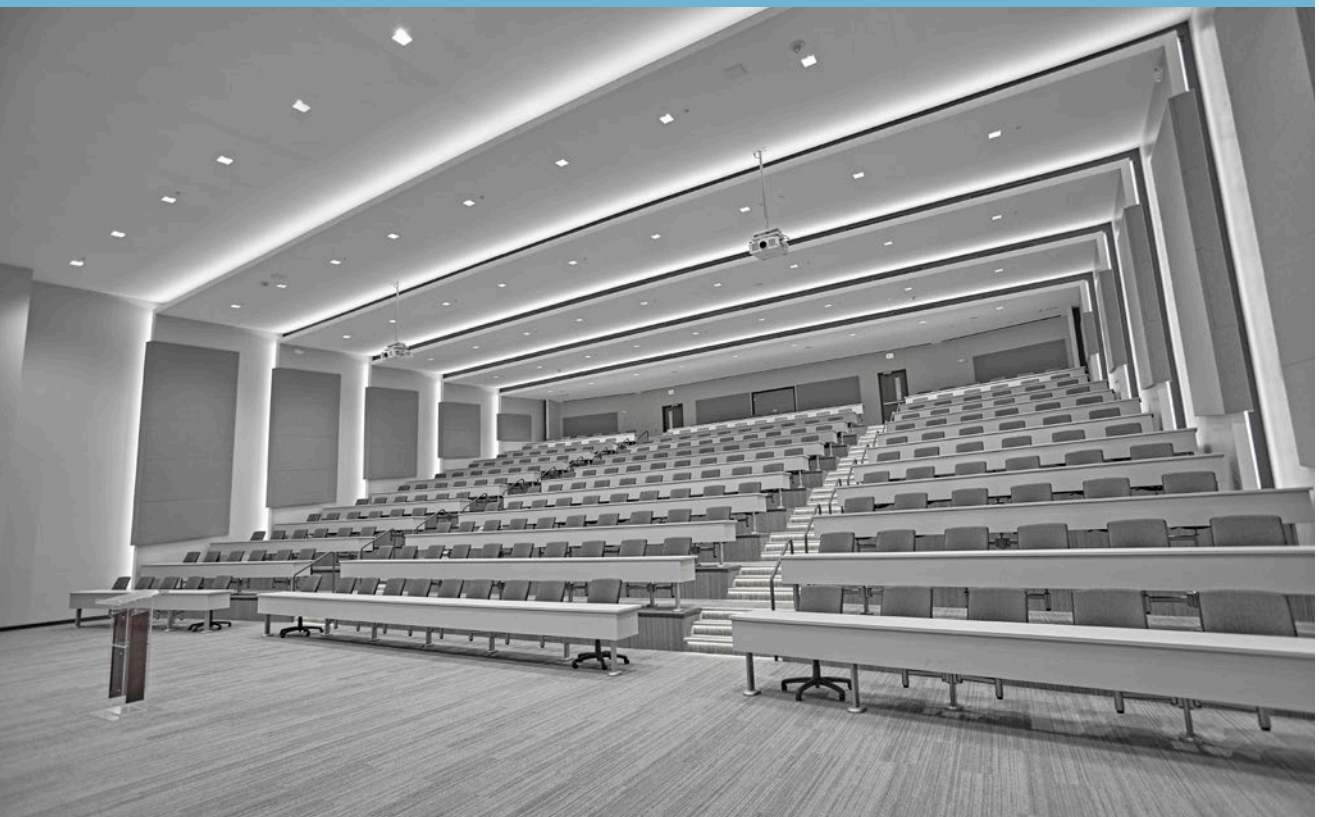
Refresh your space, renew the experience.

A practical path to upgrade ageing lecture halls.

The Sedia Systems Refresh Programme helps institutions extend the life of existing fixed seating by replacing high-wear components, modernising technology and improving the user experience.



Refresh™
LIFECYCLE MODERNISATION PROGRAMME

BENEFITS

Extend the life of existing fixed seating systems

Avoid the cost and disruption of full system replacement

Renew current chairs and upholstery

Replace swing arms with Gen3 design

Upgrade power modules to include USB

Improve durability and long-term performance

Renew warranty coverage on replaced components

Refresh the appearance, comfort and functionality of the space

REFRESH OPTIONS

Core = Chairs + Swing Arms
Tech = Power Modules
